Carl Heilman II *signing* *The Adirondacks: Season by Season*

A stunning tribute to one of America's natural treasures in panoramic photographs of the Adirondack Park's grand mountains, pristine woods, and picturesque waterways.

This volume presents an all-new selection of images, with a focus on how the seasons transform the landscape.

"It is likely that in recent years, no one has spent more time in the Adirondack woods than Carl Heilman... Most of the time I encounter him through his images, which communicate with untopped power the meaning of this vast eastern wilderness"

— BILL MCKIBBEN FROM THE FOREWORD.

Carl Heilman II has spent the last forty years hiking and photographing his beloved Adirondack Mountains. His images have been featured in regional magazines such as Outside, and National Parks and presented as shows on PBS. He is one of the premier ambassadors to the area's mountains and waterways.
